**NSS Day**  
**(24th September, 2024)**

On September 24th, Team 'SAMARPAN' of the NSS unit at Sri Aurobindo College (Evening) celebrated the 55th NSS Day with a workshop in collaboration with the Indian Road Safety Campaign (IRSC) and the Jai Prakash Narayan Apex Trauma Centre (JPNATC) at the All India Institute of Medical Sciences, New Delhi.

Our guests of honor, Dr. Shankarnath S., Ms. Isha Ghatate from IRSC, Principal Prof. Arun Chaudhary, and Programme Officer Mr. Rajesh Kumar Nigah, were invited to light the lamp, while our Co-convener, Dr. Raman Kumar Mishra, recited the Vaidik Mangla Charan.

Following the ceremonies, the seminar began with a workshop led by Ms. Isha Ghatate from IRSC. She emphasized the importance of road safety, safety measures to be implemented, precautions for road accidents, and appropriate responses when confronted with a road accident. Subsequently, Dr. Shankarnath S. and his team took the stage to demonstrate a live presentation of Cardiopulmonary Resuscitation (CPR) along with other essential life-saving practices. Participants from the audience were invited to learn how to perform CPR, and several young attendees shared their insights about what they had learned from the session. Both segments of the event attracted a large audience, reflecting a strong commitment among the students to social welfare and community service. It also highlighted the necessity of raising awareness about road safety within our community.

The event concluded with a group photo and a vote of thanks to our guests of honor, Dr. Shankarnath S. and his team, Ms. Isha Ghatate for taking the time from their busy schedules, Principal Prof. Arun Chaudhary, Programme Officer Mr. Rajesh Kumar Nigah, and Co-convener Dr. Raman Kumar Mishra for their guidance in making this event a

success. Last but not least, we extend our gratitude to the NSS Team and our dedicated volunteers; without their efforts, this event would not have been possible.
